LOUPE PRODUCT OFFERINGS

ENOVA'S VISION & MISSION

To enhance the world with life-changing illumination and visualization products and technologies.

We help doctors see better so they can perform better.

We work to improve surgical performance and medical outcomes by providing healthcare professionals with complete visualization and illumination solutions.

VIZIX GALILEAN LOUPES

Magnification:

- 2.5x, 3.0x, 3.5x

Ocular Color Options:

- Silver, Black, Blue, Green, Pink

Galilean Insights:

- Perfect for general dentistry, dental hygiene, and surgery
- **2.5x is most forgiving**
 - : largest depth of field and widest field of view
- As magnification increases, field of view will decrease

VIZIX PRISMATIC LOUPES

Magnification:

- 3.5x, 4.5x, 5.5x
- Enhanced aesthetics + Optics

Prismatic Insights:

- Provides a **wider field of view** at higher magnifications
(Smaller depth of field than a Galilean)
- Referred to as "expanded field" often
- **3.5x Prisms is popular**
:amongst dental student's 1st pair of loupes
- As magnification increases, width of field will decrease

***Higher magnifications require more illumination !**

VIZIX ERGO ELITE LOUPES

Magnification:

- 3.5x, 4.5x, 5.5x

Angled Prismatic Insights:

- **30% lighter than the lightest on the market**
- **Enhanced direct vision** with smaller eye lens
- Lowered telescopes vs in-line for easier direct vision
- Expect longer Working Distances

*** Available ONLY on Ophthalmic frames with adjustable nose pads**
